PAST DUE FEES

Parents/Guardians understand that they are financially responsible for book rental fees and any charges the school may assess for but not limited to lost books, cafeteria fees, library books, extracurricular activities, fund raisings and tuition. They shall also be responsible for all reasonable costs of the collection of their account, which may include but not limited to, late fees, client collection fees, collection agency fees, reasonable attorney fees and court costs on any outstanding balance.

CHANGE OF ADDRESS / DEMOGRAPHICS

If at any time during the school year a student moves to a different address, the change must be reported to the office. It is also important to update us as to change in phone number, email address, and any other demographic changes.

CHANGES IN TRANSPORTATION

If a student has a change in routine, either destination or pick up, the school must be contacted by parent or legal guardian prior to 1:30. Destination change notification may be made by a signed note, a phone call to the office or an email to either northoffice@danville.k12.in.us or southoffice@danville.k12.in.us. We ask that you do not email this information only to your child's teacher in the event that he or she is absent or unable to check their email. Last minute changes are often difficult to get to the classroom and sometimes panic or scare a child. Office personnel deliver message to students and staff immediately before dismissal.

DROP OFF/PICK UP OF STUDENTS

Students who do not ride a bus, but are brought to school by a parent or other adult, are to remain in their vehicles under the supervision of the parent or other adult until the bell rings. Entrance times at North Elementary are 7:35 a.m. and at South Elementary are 7:25 a.m. No student should enter the building or be left unattended at any time on the school grounds. Once students arrive at school they should remain on school property unless given permission by school personnel.

Auto traffic is not permitted in the bus pick-up areas. We ask that all auto traffic yield to the buses as they enter and exit the school grounds.

North Elementary parents should drop off and pick up students at the front door.

South Elementary parents should drop off and pick up students at the southwest gym entrance.

ELECTRONIC DEVICES

Any electronic devices, such as cell phones, iPods, or smartwatches must always be turned off and kept in the student's backpack. Any use of electronic devices during school hours, without teacher permission, shall result in disciplinary action. At no time can these devices, particularly with a camera feature, be used to invade the privacy of another student.

If a device is confiscated due to improper use, the device will be sent to the office. For the first offense, the student may pick up their device in the office at the end of the school day. For any additional times the device is confiscated, a parent will need to pick up the device from the school office during regular school hours.

It should be noted that the school is not responsible for lost, stolen, or damaged devices.

School-issued Student Computing Devices (1:1 Devices at South Elementary Only)

The following policies refer to the use of an individual student computing device. Students are also required to follow all the guidelines outlined in the Danville Community School Corporation's current "Acceptable Use Policy" included in the student handbook. As Danville's Digital Initiative centers on new technologies and educational methodologies, additional policies will continually be reviewed and this set of policies updated. Please refer to the Danville Community School Corporation website for the most up-to-date information.

Care and Maintenance of Devices

1. Do not attempt to gain access to the internal electronics or repair your device. If your device fails to work or is damaged, report the problem to the Student Support Center as soon as possible. Device repair/replacement options will be determined by the Student Support Center staff. You may be issued a temporary device or other materials until your device is working properly or replaced.
2. Never leave a device unattended. When not in your personal possession, the device should be in a secure, locked environment. Unattended devices will be collected and stored in the Student Support Center.
3. Never expose a device to long-term extremes in temperature or direct sunlight. An automobile is not a good place to store a device.
4. Devices do not respond well to liquids. Avoid applying liquids to the device. The device can be cleaned with a soft, slightly water-dampened, lint-free cloth. Avoid getting moisture in the openings. Do not use window cleaners, household cleaners, aerosol sprays, solvents, alcohol, ammonia, or abrasives to clean the device. Use of unapproved cleaners may damage the display of the device.
5. While the device is scratch resistant, it will scratch. Avoid using any sharp object(s) on the device.
6. Your device comes with a case. The role of the case is to protect the device, especially while it is being transported. It is best practice to leave the device in its case at all times.
7. Avoid placing weight on the device.
8. Never throw or slide a device.
9. Your device comes with ports for charging and other accessories. Care must be exercised when plugging and unplugging accessories. School-issued device accessories are the responsibility of the student.
10. Each device has a unique identification number, and at no time should the numbers or labels be modified or removed.
11. Do not lend your device to another person. Each device is assigned to an individual, and the responsibility for the care of the device solely rests with that individual.
12. The device is an electronic device, and care must be exercised when handling it. Never throw a book bag that contains a device. Never place a device in a book bag that contains food, liquids, and/or heavy or sharp objects.
13. The device is designed for daily use; therefore, each device must be charged and ready for use each school day. Devices should be charged at home.
14. The device must remain free of stickers, writing, painting, or any other form of adornment.

Cost of the Device

1. The cost of the device will be included in the student's book fees. The Danville Digital Instruction initiative should have little effect on the total amount a student pays in book fees.
2. The cost of the device includes: the device, device case, device charger, software applications (apps), and assorted programs/accessories specific to individual classes.

3. The device, once formatted by Danville Community Schools, may not be modified in any way, including adding or deleting app(s). Device modification or app(s) deletion may result in the need for reformatting at a substantial cost to the student.

Damaged, Lost, or Stolen Stream

1. Should a device be damaged, lost, or stolen the student and parent/guardian should immediately notify the Student Support Center. The filing of a police report by the parent/ guardian may be advised at that time.
2. Students who leave Danville Community School Corporation during the school year must return the device, along with any other school-issued accessories, at the time they leave the corporation. The device and all accessories should be returned to the staff member supervising the Student Support Room.

Distribution of Device

1. Each student will receive a formatted device.
2. If possible, a unique, individual device will follow the student throughout the student's career at Danville.
3. Devices will be distributed at the beginning of the school year and collected at the end of the school year. All devices must be returned by the last day of the school year or the student may be charged replacement costs of the device.
4. Students who leave Danville Community School Corporation during the school year must return their device, along with any other school-issued accessories when they leave the corporation. Failure to return a device in a timely fashion may result in legal action.
5. Summer use of a device will be by instructor request only.

Student Use of the Device

1. The device is the property of the Danville Community School Corporation and, as a result, may be seized and reviewed at any time. The student should have NO expectation of privacy of materials found on a device or a school supplied or supported email service.
2. The Danville Community School Corporation Device is the only approved personal computer allowed. Students are not allowed to bring in any other personal computers. If they do, those personal computers are subject to seizure.
3. The device comes equipped with a camera and has video capacities. As with all recording devices, it is best practice and common courtesy to ask permission before recording an individual or group. All Danville Community Schools are closed campuses with the Danville Community School Corporation retaining the rights concerning any recording and/or publishing of any student or staff member's work or image. Students must obtain school permission to publish a photograph or video of any school related activity.
4. Students are responsible for bringing their devices to school every day unless otherwise directed by a staff member. Failure to bring a device or any other class material(s) does not release the student from their responsibility for class work. If a student repeatedly fails to bring materials to class, including a device, the student will be subject to disciplinary action.
5. Students are expected to bring their devices to school charged. A student's repeated failure to charge his/her device may result in disciplinary action.
6. The adding or deleting of an application is by staff permission only. Failure to comply may result in restricted access to the device and/or a substantial re-image cost to the student.
7. Games, music, videos, and sound use will be at the discretion of the classroom teacher and building administrator.
8. The device affords limited electronic storage space. As with all electronic files, it is good practice to back up, duplicate, or archive files to an independent storage space.
9. The Danville Community School Corporation Device is designed as a tool for school work; usage of the Device should be limited to school activities.
10. All students should recognize and guard their personal and private information. While on the Internet, students shall not reveal personal information, including a home address or phone number, or the address or phone numbers of other students.
11. Danville Community School Corporation encourages students to take their devices home at night for class work and recharging. All the rules and regulations that are in effect during the school day extend to the use of the device at home.
12. Danville Community School Corporation makes no guarantee, written or implied, that materials on the device, including student work, will be safe from deletion or corruption, accidental or otherwise.

LIFE SKILLS AND CHARACTER EDUCATION

At Danville North and South Elementary, we believe students can make a difference in how successful their experience is here at school. We want students to realize the difference they can make in not only their lives, but the lives of those around them. We believe each student can make a difference by:

- Being respectful
- Being responsible
- Being reliable
- Demonstrating safe behaviors.

NEWSLETTER

The parent newsletters for North and South Elementary families will be sent out electronically on a regular basis and is available on the school website. In the event that a family does not have access to email, a hard copy of the newsletter will be sent home with the student upon request.

NON-CUSTODIAL PARENTS

Upon written request, a non-custodial parent, unless restricted by a court order, will be given access to all student report cards, student records, and disciplinary action records. The non-custodial parent will also be allowed to participate in conferences with the classroom teacher or special education case conferences and annual case reviews.

The student will not be released to the non-custodial parent unless written permission is given by the custodial parent.

A certified copy of a court order restricting the rights of the non-custodial parent shall be provided to the principal should a custodial parent wish to prohibit the distribution of information to, or outline other restrictions of, the non-custodial parent.

VISITORS, VOLUNTEERS AND VISITOR BADGES

Visitors and volunteers are welcome. Parents should coordinate visits and volunteer time with their child's teacher(s). All visitors are expected to check in at the office, produce a driver's license or ID to obtain a visitor's badge. In our attempts to secure our buildings, all appointments will be verified. Please do not be offended if you are stopped if you do not have a visible visitor's badge displayed. It is the practice of Danville North and South Elementary staff to stop anyone en route without a visitor's badge. If you plan to volunteer or chaperone, we require a current criminal history check on file. We also ask, that in order to avoid distractions from teaching and learning, other arrangements be made for preschool aged children during the school day or on field trips.

STUDENT ATTENDANCE

ATTENDANCE REPORTING PROCEDURES

1. A Parent or guardian must contact the school before 8:45AM on the day the absence occurs to notify the school of the absence. Parents may either call or email the school office to report an absence. If no parent contact is made, parents will be contacted by the school office. Absences must be reported within 24 hours. We ask that all medical notifications be submitted within one week. Missed work should be completed in a timely fashion per the teacher's discretion.

When calling include the following information:

- The student's name
- Name of the person making the call and relationship to the student
- The reason for the absence
- The date(s) of the absence(s) and periods if not for the entire day.
- Phone number so call can be verified.

2. If a parent or guardian does not have access to a phone, a note from a parent/legal guardian will be accepted on the day the student returns to school. If the absence is due to a medical, dental or other professional appointment, a note of verification from the place of business is required. The note should include the date, time and length of the appointment on professional letterhead with a phone number and address. Dr.'s notes may be requested if the student has an extended illness.

One metric on which our schools are graded is the percent of students who are Model Attendees. A Model Attendee is defined by the following:

- A student who attends at least 95% of the time (absent no more than 9 out of 180 days) OR
- A student who improved their attendance from the previous school year by at least 3%

EXCUSED ABSENCES

Excused absences are defined as absences that the school corporation regards as legitimate reasons for being out of school, as included in the school policy. These could include:

- Illness verified by note from parent/guardian
- Illness verified by note from Physician
- Family funeral
- Maternity
- Military Connected Families (e.g. absences related to deployment and return)

UNEXCUSED ABSENCE

An unexcused absence is any absence not covered under the definition of excused or exempt.

EXEMPT

Under certain circumstances, the law requires the school to authorize the absence and excuse of a student: serving as a page or honoree of the General Assembly (IC 20-33-2-14); serving on the precinct election board or as a helper to a political candidate or party on the day of a municipal, primary or general election (IC 20-33-2- 15); when subpoenaed to testify in court (IC 20-33-2-16); serving with the National Guard for no more than 10 days (IC 20-33-2-17); or serving with the Civil Air Patrol for up to 5 days (IC 20-33-2-17.2), the student or a member of the student's household exhibits or participates in the Indiana State Fair for educational purposes (IC 20-33-2-17.7). In each of these circumstances, the student is excused from school and is not to be recorded as absent, and is not to be penalized in any way by the school. The governing body of a school corporation may authorize the absence and excuse of a student who attends any educationally related non-classroom activity if the activity is consistent with and promotes the educational philosophy and goals of the school corporation; facilitates the attainment of specific educational

objectives; is part of the goals and objectives of an approved course or curriculum; represents a unique educational opportunity; cannot reasonably occur without interrupting the school day; and is approved in writing by the school principal (IC 20-33-2-17.5). Certain school trips fall under this exception, as well as individual student absences. Students have been excused from attendance to participate in various academic bowls, band or orchestra trips, for attendance at local, state, or federal government proceedings, or to hear various public speakers or performers. To review the statute in entirety, refer to the Compulsory School Attendance Law.

MANDATED ABSENCES

DETENTION – A student may be removed from class (es) for a period of time. Such removals are considered detentions. Students will be responsible for making up missed work from loss of any class time. After school detentions may be assigned by the building principal.

SUSPENSIONS - The principal or her designee may remove a student from a class (es) or the school for up to ten (10) days. Students will be responsible for making up missed work.

EXPULSIONS - The principal or his designee may suspend a student from school for ten (10) days and file a request for expulsion for the remainder of the term or the remainder of the school year.

COMPULSORY ATTENDANCE

Every child between the ages of seven (7) and eighteen (18) years is required to attend school. A student may not withdraw until the age of 18 and an exit interview is conducted. The Board of School Trustees of the Danville Community Schools designate the following school personnel to conduct the exit interview of a student enrolled at the specified school who wishes to withdraw from school: Principal, Assistant Principal or Guidance Counselor.

It is imperative that students attend each school day. In order to meet the goals of elevating student achievement to increasingly higher levels and closing the gaps in student achievement, it is imperative that students regularly attend school to receive uniform and appropriate instruction. Consistent school attendance, academic success and school completion have a positive correlation. Learning is a result of active participation in classroom and other school activities, which cannot be replaced by individual study. Parents are ultimately responsible to ensure that their children attend school on a regular basis.

LATE ARRIVALS

Students will be considered tardy if they are not in the classroom when attendance is taken after the tardy bell rings. When a student is tardy, the parent must escort the child into the building and sign the child in at the office. Children who are tardy to school miss important instructional time and often spend the rest of the day trying to catch up with the other students. Arriving after the school start time, leaving early, or being signed out for a portion of the day will be marked as tardy. Five tardies may

result in a phone call or letter from school personnel. Additional tardies may result in an attendance contract or referral to outside agencies such as Hendricks County Court Project Attend

EARLY DEPARTURES

Students that leave classroom before 2:10 at North Elementary and 2:25 at South Elementary will be considered early departure and must be signed out in the front office. Any individual signing a student out early is required to present ID. Please note that early departure is coded as a tardy in Infinite Campus and on the student report card.

HABITUAL ABSENCE

Recently IC 20-20-8-8 was amended to define habitual truancy to include students absent ten (10) days or more from school within a school year without being excused or without being absent under a parental request filed with the school. Chronic absenteeism includes students absent from school for ten percent (10 percent) or more of a school year for any reason.

Under IC 20-33-2-25, the "Superintendent or an attendance officer having jurisdiction shall report a child who is habitually absent from school in violation of this chapter to an intake officer of the juvenile court or the department of child services. The intake officer or the department of child services shall proceed in accord with IC 31-30- through IC 31-40."

TRUANCY

Students who are absent from class without permission of parent(s) and school officials will be recorded as truant. Students who are truant shall be subject to disciplinary action and will receive no credit for the class (es) missed. Teachers will be notified by the principal's office of truancy and disciplinary action.

Indiana law states that under certain conditions a student may have his/her driving license suspended. The purpose of this law is to encourage student attendance and appropriate behaviors. Under Indiana Code section 18 IC 20-33-2-11 you must meet these minimum requirements for qualifying for the issuance of an operator's license or a learner's permit. 1. Be at least thirteen (13) years of age but less than 18 years of age. 2. Must not be a habitual truant under the definition of IC 20-33-8-12. A child is defined as habitual truant student who is chronically absent, by having unexcused absences from school for more than ten (10) days of school in one school year. 3. If a student is defined as a habitual truant they may not receive their operator's license or learner's permit until the age of 18. 4. The governing body may determine that the individual's attendance record has improved to the degree the individual may become eligible to be issued an operator's license or a learner's permit before February 1 and October 1.

STUDENTS ARE EXPECTED TO COMPLY WITH INDIANA STATE LAW (20-8.1-3-17 AND 20-8.1-3-33) REGARDING ATTENDANCE. EVERY STUDENT WILL BE REQUIRED TO BE IN SCHOOL IN EACH CLASS EVERY DAY.

PROJECT ATTEND

HENDRICKS COUNTY PROJECT ATTEND Project ATTEND is a cooperative effort between the Schools, Probation, Prosecutor and Child and Family Services in Hendricks County, Indiana. The goal is to assist the Schools in increasing their attendance rate and to reduce the number of Truancy cases filed in the Court.

GENERAL PROCEDURES

1. When a child has accumulated habitual absences, the school will have the student and the parent or guardian of the student sign a Parent Attendance Contract. If the school is unable to get the parent to sign the contract within 5 school days, the PROJECT ATTEND Coordinator will be notified.
2. The PROJECT ATTEND Coordinator will then contact the parents or guardian of the child by phone, mail or both. This contact will include an attempt to gather pertinent information regarding the family and attendance issues. The parents will be notified that this is considered an official referral to the Juvenile Court and could result in future legal action.
4. If the attendance problems continue, the school should notify Project ATTEND with all updated information. A meeting will be set for the parents, child, school representative and Project ATTEND Coordinator. The Deputy Prosecuting Attorney may also be asked to attend this meeting.

5. At the above mentioned meeting, the legal consequences of non-attendance will be explained. A contract/agreement will be signed by the parents, child, school representative and Project ATTEND Coordinator, that lists any actions that should be taken and any conditions imposed on the student, parents or school.
6. If the child still continues to have attendance problems or otherwise violates the above mentioned agreement, a decision to file Truancy charges against the child, or Educational Neglect charges against the parent may be made. It is also possible that the child could continue under the existing agreement or an amended agreement.

WITHDRAWAL FROM SCHOOL

If a parent is withdrawing a student to home-school, they must submit notification in writing to the school's office. Information or answers to questions regarding the Home School Enrollment Process please contact the Indiana Department of Education's Home School Liaison at (317) 232-9111.

ACADEMICS

CURRICULUM

The Danville Community School District has adopted the Indiana Academic Standards as its core curriculum, which specifies the minimum expectations for learning in all grades and disciplines. High standards help teachers and parents work together to ensure academic success for all students. Parents may access a copy of the academic standards at <http://www.learningconnection.doe.in.gov>. The core curriculum is viewed as a fluid and flexible document that should respond to the learning needs of students and is impacted by the discovery of new information and technologies. Therefore, curriculum is constantly undergoing periodic and systematic analysis and revision. Teachers will provide additional information on grade level standards, curriculum expectations, as well as classroom expectations to each parent and/or student. Questions regarding curriculum may be directed to your child's teacher, the building principal, or the district Director of Academic Services.

GRADES AND GRADING

North and South Elementary report progress based on mastery of individual standards on a quarterly basis.

HOMEWORK

Danville Community School Corporation views homework as an important part of the education process. It is important that each student and his/her parents develop a plan to accomplish any work assigned to be completed at home. This plan should include a set time for doing homework, a set place with supplies for completing the homework, and a place to put completed work for parent approval or returning the work to school the next day. It is essential that homework be completed successfully and on time to help ensure academic progress. If you have questions about your child's homework or concerns you would like to share with the teacher, please call the school during the day, or you may contact the teacher by e-mail.

PARENT/TEACHER COMMUNICATION

Teachers will regularly send updates to parents regarding classroom happenings, upcoming events, and student progress. Each year dates are set for parent/teacher conferences. You are encouraged to confer with your child's teacher at any time you feel it is necessary. Please make an appointment for a conference by calling the office so that a mutually convenient time can be arranged. Drop in visits before school are discouraged due to teachers preparing for student arrival.

Reading Screening and Interventions

Students at North Elementary are given reading benchmark assessments three times a year. The results of these assessments will be shared with parents and are used to identify areas in a child's foundational reading skills that may need additional instruction. If a child shows a need in any of the foundational skills, our classroom teachers and reading specialist(s) have been trained in research-based interventions that may be delivered in the classroom or during RTI. If a student is receiving RTI services, their progress will be reported one time between each benchmark period. These assessments are used to screen for dyslexia and to improve instruction for a child but do not screen a child for a learning disability. The school uses the benchmark and RTI processes, to determine if a full educational evaluation should be used to determine if a student qualifies to receive special education services. A parent may also request this full educational evaluation.

The six foundational reading skills assessed include phonological and phonemic awareness (ability to separate and change sounds in words), alphabet knowledge (name different letters), sound-symbol relationship (phonics), decoding (reading), rapid naming (quickly name common objects), and encoding (spelling). Effective strategies for the development of reading skills and for dyslexia intervention services include but are not limited to:

- 1) *Explicit direction and instruction that is systematic, sequential, and cumulative.*
- 2) *Instruction that follows a logical plan of presenting the alphabetic principle that targets the specific needs of the student without presuming prior skills or knowledge of the student.*
- 3) *Individualized instruction to meet the specific needs of the student and that is delivered in a setting that uses intensive, highly concentrated instruction methods and materials that maximize student engagement.*
- 5) *Meaning based instruction that is directed at purposeful reading and writing.*
- 6) *Instruction that has an emphasis on comprehension and composition.*

7) *Instruction that incorporates the simultaneous use of two (2) or more sensory pathways during the presentation of instruction student practice.*

REQUESTING HOMEWORK DUE TO ILLNESS

Request for assignments should be made only after the student has been absent at least one day, and then the request should be made before the school day begins. Assignments may be picked up at the conclusion of the day in the office. The student has one (1) day for every day missed to make up the work.

RETENTION GUIDELINES

Danville North Elementary, South Elementary and Danville Community Middle School will use the following criteria when considering retention of a student:

1. The concerns, feelings, and judgment of the parent(s)/guardian(s) have been considered.
2. A review of standardized testing, if available, has been made.
3. A review of achievement and attendance, both past and present, has been made.

SCHEDULING AND ASSIGNMENT

The principal will assign each student to the appropriate classroom and program in which the student will be participating. Any questions or concerns about a student's assignment should be discussed with the principal. Requests for specific teachers or changes in placement will not be accepted.

STUDENT PROGRESS

Parents may monitor their child's academic performance and progress at any point throughout the school year via a secure website. The account information and directions needed to use this online resource will be sent home about three weeks after the start of each school year.

Please notify the office if you do not have online access so we may share alternative options with you. Formalized reporting of student progress will be sent home for students in grades K-6 every 9 weeks. If you need to discuss progress with your child's teacher, you should call to arrange a mutually convenient time.

STANDARDIZED TESTING

Students in grades three through ten are involved with the **ILEARN** statewide testing program. The purpose of the ILEARN Assessment is to measure student achievement in the subject areas of English/language arts, mathematics, science, and social studies. In particular, ILEARN reports student achievement levels according to the Indiana Academic Standards that were adopted by the Indiana State Board of Education.

Students in grade three will take the **IREAD3** State Standardized test.

IREAD-3 is a summative assessment that was developed in accordance with House Enrolled Act 1367 (also known as Public Law 109 in 2010), which requires the evaluation of foundational reading skills for students who are in grade three to ensure that all students can read proficiently before moving on to grade four. In Accordance with PL109, **any third grade student who does not pass the IREAD 3 Test and is not in a "Good Cause Exemption" category may be retained.**

Students eligible for a Good Cause exemption include:

1. Students who have previously been retained two times prior to promotion to fourth grade.
2. Students with disabilities whose case conference committee has determined that promotion is appropriate.
3. English Learners (ELs) whose Individual Learning Plan (ILP) committee has determined that promotion is appropriate.

TITLE 1 RIGHT TO KNOW

In accordance with the Elementary and Secondary Education Act, Section 1111(h)(6) Parents' Right To Know, this is a notification from Danville Community School Corporation to every parent of a student in a Title I school that you have the right to request and

receive information in a timely manner regarding the professional qualifications of your student's classroom teacher. This information regarding the professional qualifications of your students' classroom teachers shall include the following:

STUDENT CONDUCT and EXPECTATIONS

CORE BELIEFS

At Danville North and South Elementary, we believe students can make a difference in how successful their experience is here at school. We want students to realize the difference they can make in not only their lives, but the lives of those around them. We believe each student can make a difference by:

- Being respectful
- Being responsible
- Being reliable
- Demonstrating safe behaviors.

BUS CONDUCT

School bus drivers have the same authority as teachers and have responsibility for school children between home and school. The driver will maintain order and discipline among the children on and off the bus along the route, will treat all children in a civil manner, will see that no child is mistreated while in his/her charge, and will put first the care and safety of the children.

Riding the school bus is a privilege. Improper conduct on buses or at bus stops could result in the privilege being revoked. Bus safety rules are listed below.

1. Students should be waiting at their designated boarding area when the bus arrives.
2. Each student will be seated immediately upon entering the bus.
3. No students will stand or move from place to place during the trip.
4. Indecent conduct, including boisterous or profane language, will not be tolerated.
5. Students will not be allowed to tease others, or use their hands, feet, or body in any objectionable manner, including tripping, wrestling, or hitting.
6. No windows or doors will be opened or closed except by permission of the bus driver.
7. No students will enter or leave the bus until it has come to a full stop and the door has been opened by the driver.
8. Should a problem arise with a student, the driver will make every attempt to resolve it himself/herself. If additional assistance is needed, the driver will consult the building principal. If further help is needed, the driver will then contact the Superintendent or his/her designee.
9. Upon recommendation of the bus driver, school authorities may deny bus privileges to any student who refuses to conduct himself/herself in an appropriate manner.
10. Unsafe or improper conduct at a bus stop may also lead to suspension of riding privileges.

The following are general guidelines for bus discipline:

- 1st Incident Verbal Warning
 - 2nd Incident Parent Notified
 - 3rd Incident 1 day bus suspension
 - 4th Incident 3 day bus suspension
 - 5th Incident 5 day bus suspension
 - 6th Incident denied school transportation for the remainder of the semester
11. Students riding a bus equipped with seatbelts are required to wear a seatbelt.

DRESS AND APPEARANCE

All students are expected to dress appropriately for their jobs in the classroom. Any student who is not appropriately attired will not be allowed to attend class until appropriate clothing can be provided at the responsibility of the parent. NOTE: Students will go out for recess any day there is not inclement weather and the temperature or wind chill is above 20 degrees F. Please ensure students are dressed appropriately.

VANDALISM

Vandalism and property damage to our school building and equipment cost our taxpayers. Students who destroy or vandalize school property will be required to pay for losses or damages. If students willfully destroy school property, suspension and subsequent expulsion may be necessary. If a student should happen to damage something by accident, he/she should report it to a teacher or the office immediately.

All students are expected to obey all school behavior expectations. These rules apply at school functions on or off school property. Respect and courtesy are due all school personnel at all times. 3. Following the suspension, the parent or guardian of a suspended student will be notified in writing. The notification will include the dates of the suspension; describe the student's misconduct, and the action taken by the principal.

PROCEDURE FOR EXPULSION

When a principal (or designee) recommends to the superintendent (or designee) that a student be expelled from school, the following procedures will be followed:

4. At the expulsion meeting, the principal (or designee), will present evidence to support the charges against the student. The student or parent will have the opportunity to answer the charges against the student, and to present evidence to support the student's position. *An attorney may not represent the student at the expulsion meeting, but the attorney may be available for consultation outside the meeting room during the course of the expulsion meeting.*
5. If an expulsion meeting is held, the person conducting the expulsion meeting will make a written summary of the evidence heard at the meeting, take any action found to be appropriate, and give notice of the action taken to the student and the student's parent.

SERVICES

CAFETERIA

North and South Cafeterias serve type A meals for our school family. This includes breakfast and lunch. A student may choose to eat breakfast at home or at school. Every Elementary student is expected to eat lunch daily. For those students who bring their own lunch from home, juice, milk or water may be brought, or milk may be purchased from the cafeteria. Students who bring their lunch must provide their own silverware. Federal regulations **DO NOT PERMIT the sale of CARBONATED BEVERAGES** in elementary school cafeterias during lunch. According to state health regulations, students are allowed to trade or share factory sealed items only.

On days that students take field trips, sack lunches may be purchased from the cafeteria. These sack lunches will include a sandwich, chips, cookie, fruit or vegetable stick, and milk for the price of a type A lunch.

Note the following payment procedures:

1. A student may choose to establish a lunch account in order to prepay for breakfast, lunch, or milk. The amount of money in the account is a parental decision but deposits into the account are accepted before classes begin anytime during the week by the head cook, or parents may make an electronic deposit on the parent portal of Infinite Campus. A convenience fee will be incurred when using the online payment method.
2. Students may pay for their meal or milk at a cash register each day they choose to eat a school lunch. Exact change is not necessary; however, large bills are not recommended. Students forgetting lunch money are expected to contact parents, relatives, or friends in order that payment may be made at lunch. If a student does not have funds for a meal, they may charge up to \$10. This is a School Board approved policy. If a student is over the limit for charging, the cafeteria staff will provide an alternate meal unless donation funds are available to provide to the student.
3. Lunch account balances may be accessed through the student's Infinite Campus account. Parents/guardians must contact Food Services immediately to report any financial discrepancies.
4. At the end of the school year, parents of kindergarten, first, second, third, and fourth grade students may choose to leave \$5.00 in the account so students can use their card on the first day of the next school year. Efforts will be made throughout the school year to collect unpaid meal debt. If donation funds are not available, these debts may be sent to collections.

Applications for free and reduced meals are available in the office or online through the parent portal of Infinite Campus. In determining eligibility for this program no student will be discriminated against on the basis of race, color, religion, sex, or natural origin. Free and reduced meal benefits roll over to the next school year for 30 school days. A new free or reduced meal application must be submitted yearly, unless the household is notified of being directly certified before the start of the school year. Low balance notifications are sent to parents on Tuesdays and Fridays at 6 pm if your student's balance is below \$5.

A student meal consists of an entrée, two fruits, two vegetables, and a milk. Any entrée that does not include at least one fruit, juice, or vegetable is considered ala cart.

Please do not be offended if you are stopped if you do not have a visible visitor's badge displayed. It is the practice of Danville North and South Elementary staff to stop anyone en route without a visitor's badge. If you plan to volunteer or chaperone, we require a current criminal history check on file. We also ask, that in order to avoid distractions from teaching and learning, other arrangements be made for preschool aged children during the school day or on field trips.

COMPENSATION FOR LOSSES, COSTS, AND/OR DAMAGES

It is in this outside environment that responsibility is shared by both the Danville School Corporation and the individual staff member who chooses to take an electronic device off school grounds. In the event that an electronic device is lost, stolen, or damaged the individual staff member is responsible for up to \$100 per electronic device. In addition all users (students and staff) may be responsible for compensating the school district for any losses, costs, or damages incurred for violations of board policies/procedures and school rules. The school district assumes no responsibility for any unauthorized charges or costs incurred by users while using school district computers, devices, or the school network.

Employee Use of Electronic Media with Students

A certified or licensed employee, or any other employee designated in writing by the superintendent or a campus principal, may communicate through electronic media with students who are currently enrolled in the corporation. The employee must comply with the provisions outlined below. All other employees are prohibited from communicating with students who are enrolled in the corporation through electronic media.

An employee is not subject to these provisions to the extent the employee has a social or family relationship with a student. For example, an employee may have a relationship with a niece or nephew, a student who is the child of an adult friend, a student who is a friend of the employee's child, or a member or participant in the same civic, social, recreational, or religious organization.

The following definitions apply for the use of electronic media with students:

- Electronic media includes all forms of social media, such as text messaging, instant messaging, electronic mail (e-mail), Web logs (blogs), electronic forums (chat rooms), video-sharing Web sites (e.g., YouTube), editorial comments posted on the Internet, and social network sites (e.g., Facebook, MySpace, Twitter, LinkedIn). Electronic media also includes all forms of telecommunication such as landlines, cell phones, and Web-based applications.
- Communicate means to convey information and includes a one-way communication as well as a dialogue between two or more people. A public communication by an employee that is not targeted at students (e.g., a posting on the employee's personal social network page or a blog) is not a communication; however, the employee may be subject to corporation regulations on personal electronic communications. Unsolicited contact from a student through electronic means is not a communication.
- Certified or licensed employee means a person employed in a position requiring SBEC certification or a professional license, and whose job duties may require the employee to communicate electronically with students. The term includes classroom teachers, counselors, principals, librarians, paraprofessionals, nurses, educational diagnosticians, licensed therapists, and athletic trainers.

An employee who uses electronic media to communicate with students shall observe the following:

- The employee may use any form of electronic media **except** text messaging. Only a teacher, trainer, or other employee who has an extracurricular duty may use text messaging, and then only to communicate with students who participate in the extracurricular activity over which the employee has responsibility.
- The employee shall limit communications to matters within the scope of the employee's professional responsibilities (e.g., for classroom teachers, matters relating to class work, homework, and tests; for an employee with an extracurricular duty, matters relating to the extracurricular activity).
- The employee is prohibited from knowingly communicating with students through a personal social network page; the employee must create a separate social network page ("professional page") for the purpose of

communicating with students. The employee must enable administration and parents to access the employee's professional page.

- The employee shall not communicate directly with any student between the hours of 11:00 p.m. and 6:00 a.m. An employee may, however, make public posts to a social network site, blog, or similar application at any time.
- The employee does not have a right to privacy with respect to communications with students and parents.
- The employee continues to be subject to applicable state and federal laws, local policies, and administrative regulations, including:
 - Compliance with the state public access laws and the Family Educational Rights and Privacy Act (FERPA), including retention and confidentiality of student records.
 - Copyright law
- Prohibitions against soliciting or engaging in sexual conduct or a romantic relationship with a student.
- Upon request from administration, an employee will provide the phone number(s), social network site(s), or other information regarding the method(s) of electronic media the employee uses to communicate with any one or more currently-enrolled students.
- Upon written request from a parent or student, the employee shall discontinue communicating with the student through e-mail, text messaging, instant messaging, or any other form of one-to-one communication.

STUDENT SECURITY

Users may not reveal personal information, including a home address and phone number, about themselves or another individual on any unsecured electronic medium, such as websites, blogs, podcasts, videos, wikis, or social networking sites. Students' grades, test results, or identifying pictures may be stored only on district-approved secure sites that require a username and password for authorized individuals to access.

All Danville Community Schools are closed campuses. DCSC retains all rights concerning any recording and/or publishing of any student's or staff member's work(s) or image(s). Students must obtain permission from a DCSC staff member to publish a photograph or video of any school-related activity. It is best practice and common courtesy to ask permission before recording an individual or groups.

The use of cameras on any type of electronic device is strictly prohibited in locker rooms and restrooms.

DCSC staff must maintain the confidentiality of student data in accordance with the Family Education Rights and Privacy Act (FERPA).

Students may be issued a school email address to improve student communication and collaboration on school projects. Email shall be used only for educational purposes that directly relates to a school project or assignment.

TECHNOLOGY PRIVACY

All computers, telephone systems, voice mail systems, electronic mail, and electronic communication systems are the district's property. The district retains the right to access and review all electronic and voice mail, computer files, databases, and any other electronic transmissions contained in or used in conjunction with district's computer system, telephone system, electronic mail system, and voice mail system. Students and staff should have no expectation that any information contained on such systems is confidential or private.

SYSTEM SECURITY

4. The policy and rules apply to the use of the electronic device at any time or place, on or off school property. Students are responsible for obeying any additional rules concerning care of devices issued by school staff.
5. Violation of policies or rules governing the use of electronic devices or any careless use of the device may result in a student's device being confiscated and/or a student only being allowed to use the device under the direct supervision of school staff. The student will also be subject to disciplinary action for any violations of Board policies/procedures or school rules.
6. Parents are responsible for supervising their child's use of the device when not in school.
7. The device configuration shall not be altered in any way by users. No software applications shall be installed, removed, or altered on the device unless permission is explicitly given by the teacher or building administrator.
8. The device is to be used only by the student or staff member to whom it is issued. The person to whom the device is issued will be responsible for any activity or action performed on the device.
9. The device must be returned in acceptable working order by the last day of each school year, upon withdrawal or exit date from the school district, and whenever requested by school staff.

WEB PAGE PUBLISHING GUIDELINES – PARENT NOTIFICATION

The Danville Community School Corporation's (DCSC) website – www.danville.k12.in.us – is a valuable resource that improves communication with parents, provides a visual representation of DCSC that reflects student activities and academic achievement, and provides a means by which the students, parents, and staff can access a wide variety of educational resources, including accessing student grades and attendance information.

The district has developed two sets of guidelines: one for information that is published on the school's site, which can be accessed by the general public, and another that can only be accessed on a secure site via a username and password. A copy of the entire policy is available in each school building and may also be accessed from following website:

<http://www.danville.k12.in.us/programs/techdept/policies/index.html>.

Parents(s) or guardian(s) may request to not have their child's photograph, picture, and/or work published by sending written notification to the office of the Superintendent of DCSC every school year.

CHILD PROTECTION

As a school system that is dedicated to children, one of our legal responsibilities is to protect children from abuse and neglect. This policy is an outgrowth of state law and is designed to provide maximum protection for our students. A report must be filed if an individual has reason to believe that a child is a victim of child abuse or neglect. The child will be classified as a "Child in Need of Services" (CHINS) if it is determined that he/she is under the age of 18 and in need of services.

All school personnel are considered mandatory reporters by law. It is not the role of the school personnel to substantiate suspected abuse.

All requests for early entrance enrollment must be made by June 1.

KINDERGARTEN ENROLLMENT

Danville North Elementary offers a kindergarten program. In order for a student to enroll in kindergarten, he/she must meet the age requirement as mandated by the Indiana Department of Education. Alerts will be posted on the district social media pages and a banner will be posted at the top of the school district website. Notifications will also be made via email, phone and text through the Infinite Campus emergency message system to all communication types a parent has self-selected in the Infinite Campus Parent Portal. Be sure to notify your child's school if you have a change in phone number or email address. When cancellation occurs during the school day, children will be taken to the normal drop off location. Parents should instruct their children regarding where they should go and whom to

contact when emergency conditions exist. Any missed days will be made up at the end of the school year if snow days have not been included in the school calendar.

FACILITY USAGE

The Board approves the use of the school buildings by various reputable community organizations or community functions, provided that the use of such buildings be first approved by the administration, and provided that the community organization assumes full responsibility for the care of the school property, complies with the terms on the application submitted to the building principal, pays approved charges assessed for the event, and provided further that the use of the school building will not conflict in any way with the regular school program.

Arrangements for regular meetings, conferences, dinners, entertainment, etc. shall be made with the Superintendent or his/her designee, so as not to interfere with school functions. Sponsors of student clubs and extracurricular activities shall make scheduled arrangements with the principal.

FERPA – RIGHTS OF PARENTS AND STUDENTS REGARDING EDUCATIONAL RECORDS

Federal law and regulation govern education records (Family Educational Rights and Privacy Act [FERPA]). In summary, both elementary and secondary students' educational records are confidential. Parents can examine their child's records at reasonable times if the child is less than 18 years of age and not attending a postsecondary institution. Students may also examine their records at reasonable times. Before educational records are disclosed to third parties, the school requires a signed and dated written consent. Students who are 18 years of age or attending post-secondary education may sign for themselves. School officials, including officials of another school system or of post-secondary institutions where the student seeks to enroll, may also examine education records without the parent or student's consent.

The school corporation may release certain directory information, which means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed, without consent to media organizations can be published on the corporation website and school newsletter and can be released to media organizations, colleges, civic or school-related organizations, recruiting representatives of various military services and academies, and government agencies, as well as published in programs for athletic music, and theater presentation of this school corporation, without the consent of parents or students.

Directory information includes student's name, parent's name, area of studies, athletic participation, extra-curricular participation, height, weight, photographs, attendance dates, awards, race, sex, and grade level. A parent or eligible student who desires to object to disclosure of any or certain of the categories of directory information should request the form "Denial of Permission to Release Certain Directory Information without Prior Written Consent" from the superintendent's office. A parent or eligible student who desires to object to disclosure of any or certain of the categories of directory information released to military services and academies should request form "Denial of Permission to Release Student Directory Information to Recruiting Representatives of the Military Services and Military Academies" from the superintendent's office.

Objection to the release of directory information should be filed with the building principal within fourteen (14) calendar days from the receipt of the Notice to Parents and Students of Their Rights Concerning Education Records.

Occasionally the student's classroom work will be displayed for motivational purposes; however, the parent can also notify the principal in writing if the display of classroom work is not preferred.

FIRE, TORNADO, AND LOCKDOWN DRILL PROCEDURES

Instructions on how you are to evacuate the building are posted inside each classroom. State law requires one practice drill per month to take place.

FREE AND REDUCED TEXTBOOK AND MEAL ASSISTANCE

Applications for free and reduced lunch are available online through the parent portal of Infinite Campus, from the Food Services Department or in the office of each school. In determining eligibility for this program no student will be discriminated against on the basis of race, color, religion, sex, or national origin. Parents may periodically be notified when their student's cafeteria account has a balance of \$5.00 or less via the district messaging system.

CRIMINAL GANGS AND CRIMINAL GANG ACTIVITY IN SCHOOLS

It is the policy of the Danville Community School Corporation to prohibit gang activity and similar destructive illegal group behavior on school property or school buses or at school -sponsored functions. Additionally, the Danville Community School Corporation prohibits reprisal or retaliation against individuals who report gang activity and similar destructive or illegal group behavior or who are victims, witnesses, bystanders, or other with reliable information about an act of gang activity and similar destructive or illegal group behavior.

- a. "Criminal gang" definition: a group with at least three (3) Members that specifically:
 1. Either:
 - a. Promotes, sponsors, or assists in; or
 - b. Participates in; or
 2. Requires as a condition of membership or continuing membership; the commission of a felony or an act that would be a felony if committed by an adult or the offense of battery.
- b. "Gang activity" defined: a student who knowingly or intentionally actively participates in a criminal gang, or a student who knowingly or intentionally solicits, recruits, entices, or intimidates another individual to join a criminal gang.

A school employee shall report any incidence of suspected criminal gang activity, criminal gang intimidation, or criminal gang recruitment to the principal, the school safety specialist, and the school resource officer. The principal, the school safety specialist, and the school resource officer may take appropriate action to maintain a safe and secure school environment, including providing appropriate intervention services. Appropriate consequences and remedial actions are those that are graded according to the severity of the offenses and consider both the developmental ages of the student offenders and students' histories of inappropriate behaviors, per the code of student conduct.

Any corporation and/or school employee who promptly reports an incident of suspected gang activity and who makes this report in compliance with the procedures of this policy is immune from a cause of action for damages arising from any failure to remedy the reported incident.

The principal or designee shall conduct a thorough and complete investigation of each report of suspected gang activity. The investigation shall be initiated by the principal or the principal's designee within one school day of the report of the incident. The principal may appoint additional personnel and request the assistance of law enforcement to assist in the investigation for the administrator's safety. The investigation shall be completed and the written findings submitted to the principal as soon as possible, but not later than five (5) school days from the date of the report of the alleged incident of criminal gang activity.

The principal shall submit the report to the superintendent within ten (10) school days of the completion of the investigation. The superintendent or his/her designee shall report the results of each investigation to the board of education on a quarterly basis during regularly scheduled board meetings.

Each school shall record the number of investigations disposed of internally and the number of cases referred to local law enforcement, disaggregated by race, ethnicity, age, and gender. Each school shall report this information to the superintendent who shall submit a written report to the Indiana Department of Education by June 2 of each year.

The principal shall provide the parents of the students who are parties to any investigation with information about the investigation, in accordance with Federal and State law and regulation. The information to be provided to parents includes the nature of the investigation, whether the corporation found evidence of criminal gang activity, and whether consequences were imposed or services provided to address the activity. This information is to be provided in an expedited manner.

The superintendent is authorized to define the range of ways in which school staff and the principal or the principal's designee shall respond once an incident of criminal gang activity is confirmed, according to the parameters described in the code of student conduct. The school board recognizes that some acts of gang activity may be isolated incidents requiring that the school officials respond appropriately to individuals committing the acts. Other acts may be so serious that they require a response either at the school corporation level or by local law enforcement officials. Consequences and appropriate remedial actions for a student who engages in gang activity may range from positive behavioral interventions up to and including suspension or expulsion.

The principal shall proceed in accordance with the code of student conduct, as appropriate, based on the investigation findings. As appropriate to the investigation findings, the principal shall ensure the code of student conduct has been implemented, and provide intervention and/or relevant support services (Le. refer to counseling, establish training programs to reduce gang activity and enhance school climate, enlist parent cooperation and involvement, or take other appropriate action). The principal shall inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services.

The superintendent of the school corporation shall annually disseminate this policy to all parents who have children enrolled in a school with the school corporation. The superintendent shall ensure that notice of the corporation's policy appears in the student handbooks and all other publications of the school corporation that set forth the comprehensive rules, procedures, and standards for schools within the corporation. The corporation shall provide information about supports and services available for students who are 'at risk' for and/or suspected of participating in gang activity and their families. Examples of supports and services may include but are not limited to:

1. Counseling coupled with mentoring for students and their families.
2. Community and faith-based organizations and civic groups.
3. Viable, sustainable after-school programs developed in collaboration with other stakeholders.
4. Job training and employment opportunities as both a deterrent to gang involvement and an incentive to leave gang involvement.
5. School sanctioned/facilitate extra-curricular activities.

The corporation, in an effort to provide gang prevention and intervention services and programs, will maximize community participation and the use of federal funding as necessary. Examples of services may include but are not limited to:

1. Provide training for staff and teachers on gang prevention and intervention resources on a periodic basis. The gang awareness information shall be revised and updated regularly to reflect current trends in gang activity.
2. Coordinate resources and funding opportunities to support gang prevention/intervention activities.
3. Integrate a school resource officer program in collaboration with the Danville Community Police Department.

HEALTH POLICIES AND PROCEDURES

ACCIDENTS

Any accident that occurs in the school building, on the school grounds, or at events sponsored by the school must be reported

immediately to the person in charge, who in turn must file a written report with the school office.

An injury or accident that occurs during school hours will be attended to by the school nurse. The nurse will evaluate the severity of the accident, and either treat the student, or in an emergency contact an ambulance and the parents. The nurse will enter an accident report in the office.

Accidents that occur at other extracurricular events will be managed by the Activity Sponsor, who will phone parents (if it involves a student); if it involves an adult, the Activity Sponsor will check whether the adult requests medical assistance, do as requested, and file a report with the office. The school does not assume responsibility for any medical bills incurred.

INSURANCE

The school system does not carry insurance of any kind on students. Insurance is the responsibility of the parent.

PRESCRIPTION MEDICATION

Students are to bring any and all medication to the clinic at the start of the school day. Only those medications that are medically necessary during school hours or written in an IEP will be administered during the school day. Prescription medication must be sent in the original container with the original prescription label intact, and be accompanied by written permission from the parent/guardian.

Pursuant to Indiana Code 20-33-8-13, a student with an acute or chronic disease or medical condition may possess and self-administer medication on an emergency basis while on school grounds or off school grounds at a school activity, function, or event. In order for the student to self-carry medication, primary care provider authorization and written parent permission is required annually.

OVER THE COUNTER MEDICATIONS

Acetaminophen, Ibuprofen (middle school and high school only), and Tums are available in the clinic. These can be given at the discretion of the school nurse to any student who has parent permission granted during online registration. Any additional over-the-counter medications (including cough drops) will be kept in the clinic and need to be supplied by the parent. All over-the-counter medication must be accompanied by a written request from the parent/guardian. All medication must be in the original unopened container and will be given according to the directions on the bottle and dosage needs that are appropriate for the age and weight of the student. If the dosage exceeds recommendations, permission must be granted from a primary care provider. All medications administered at school must be approved by the FDA, no homeopathic or herbal medications will be administered. Over-the-counter medications sent in to school will be kept until the end of the school year unless directed otherwise.

Transporting Medications

Students may transport non-controlled substance medications to and from school with written authorization as long as they are brought directly to the school nurse and not removed from personal possessions prior to that time. At the end of the year, if indicated on the authorization form, any unused medications may be sent home with the student. If authorization is not granted and the medications are not picked up by a parent or guardian, they will be disposed of the day after the last day of student attendance. Pursuant to Indiana Code 20-33-8-13, medications that are listed as controlled substances, including narcotic pain medications and many ADHD medications, are not permitted to be carried or transported by any student in the Danville Community School Corporation and must be delivered directly to the school nurse by a parent/guardian. Any leftover medication may be picked up directly by a parent/guardian, after the medication has been counted by the School Nurse and the parent/guardian to verify the amount being given to the parent/guardian.

ILLNESS

Students should not attend school if they have a temperature at or above 100.0°, if they have vomited or have had diarrhea in the past 24 hours, or a rash of unknown origin. **They must be fever-free, without the aid of medication, for 24 hours before returning to school.** Please remember to call the school and report students' absences if they are ill, or send a note defining the illness upon their return.

Communicable diseases are infectious or contagious. The following communicable diseases should be reported to the school office or clinic: Chickenpox (Herpes Zoster), Pink eye (Conjunctivitis), CMV (Cytomegalovirus), Diphtheria, Fifth Disease (Erythema Infectiosum), Hand, Foot, and Mouth disease (Coxsackie Virus), Hantavirus Pulmonary Syndrome, Hepatitis, HIV/AIDS, Impetigo, Infectious Diarrhea, Respiratory Flu (Influenza), Lice (Pediculosis), Measles, Meningitis, Mononucleosis (Epstein-Barr Virus),

Mumps, Pinworms, Pertussis, Poliomyelitis, Pneumonia, Ringworm (Tinea Corporis, Tinea Capitis), Rubella, Scabies, Strep Throat, Scarlet Fever (Streptococcal Infections), Tick-Borne Infections (Lyme Disease, Rocky Mountain Spotted Fever), Tuberculosis. The child may return to school after receiving proper treatment.

PEDICULOSIS (HEAD LICE) POLICY

The Danville Community School Corporation, in accordance with the Indiana Department of Public Health, recommends the following procedure requiring any student found to have head lice to be excluded from school until the following steps have been taken:

1. Students identified with live lice will be excluded immediately from school to be treated. The school nurse will be responsible for all lice identification.
2. The parent/guardian will be notified by telephone. If the parent/guardian is unavailable, the emergency contacts will be notified.
3. All checks for head lice will be done in a confidential manner, to respect the student’s right to privacy and to avoid embarrassment.
4. Educational information on treatment and prevention will also be distributed to parents/guardians of students identified with live head lice.
5. Lost time in the classroom interferes with student learning, thus, classroom checks will not be conducted. The associates of students at the elementary, middle school and high school levels will be checked at the nurse’s discretion.
6. All siblings of the infested child will be checked if they are enrolled in DCSC. The school nurse of the sibling(s) school will be notified and either the school nurse or her designee will check the sibling(s) of the infested student.
7. The parent/guardian should transport the student to school once the student has been treated after exclusion. The parent/ guardian shall remain with the student until the school nurse has checked the students’ hair and the student is readmitted to the classroom. If live lice are identified, the student will be sent home again with the parent. Students with nits only will not be excluded from the classroom.
8. Upon re-admittance to the classroom, the student will be rechecked in the nurse’s office once a week for 2 weeks. If live lice are present at any time, the student will be excluded from school again. It will be at the school nurse’s discretion to check a student more frequently or to send him/her home for further nit removal if felt warranted.
9. Pediculosis (Head Lice) education information will be sent out to parents and school staff yearly. Staff education will include a review of control measures.
10. Consistent and standardized instruction will be given to parents/guardians and staff with updates to avoid inaccurate identification and possible over treatment of this communicable disease.

When assessing, communicating and managing communicable diseases DCSC will follow the recommendations set forth by the Indiana Department of Health’s Communicable Diseases Reference Guide for Schools.

HOMELESS STUDENTS: ENROLLMENT RIGHTS AND SERVICES

To the extent practical and as required by law, the corporation will work with homeless students and their families to provide stability in school attendance and other services. Special attention will be given to ensuring the enrollment and attendance of homeless students not currently attending school. Homeless students will be provided corporation services for which they are eligible, including Head Start, Title I, special education, bilingual education, vocational and technical education programs, gifted and talented programs and school nutrition programs.

Homeless students are defined as lacking a fixed, regular and adequate nighttime residence, including:

1. Sharing the housing of other persons due to loss of housing or economic hardship;
2. Living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations;
3. Living in emergency or transitional shelters;
4. Are abandoned in hospitals;

The superintendent shall designate an appropriate staff person to be the corporation's liaison for homeless students and their families. To the extent feasible, homeless students will continue to be enrolled in their school of origin while they remain homeless or until the end of the academic year in which they obtain permanent housing. Instead of remaining in the school of origin, parents or guardians of homeless students may request enrollment in the school in the attendance area the student is actually living. Attendance rights by living in attendance areas, other student assignment policies, or intra-district choice options are available to homeless families on the same terms as families resident in the school corporation. If there is an enrollment dispute, the student shall be immediately enrolled in the school in which enrollment is sought, pending resolution of the dispute. The parent, guardian, or unaccompanied youth shall be informed of the corporation's decision and their appeal rights in writing. The corporation's liaison will carry out the dispute resolution as provided by state rule.

Once the enrollment decision is made, the school shall immediately enroll the student, pursuant to corporation policies. If the student does not have immediate access to immunization records, the student shall be admitted under a personal exception. Students and families should be encouraged to obtain current immunization records or immunizations as soon as possible, and the corporation liaison is directed to assist in this process. Records from the student's previous school shall be requested from the previous school pursuant to corporation policies. Emergency contact information is required at the time of enrollment consistent with corporation policies.

Homeless students are entitled to transportation to their school of origin or the school where they are to be enrolled. If the school of origin is in a different school corporation, or a homeless student is living in another school corporation but will attend his or her school of origin in this corporation, the two school corporations will coordinate the transportation services necessary for the student, or will divide the costs equally.

The corporation's liaison for homeless students and their families shall coordinate with local social service agencies that provide services to homeless children and youths and their families; other school corporations on issues of transportation and records transfers; and state and local housing agencies responsible for comprehensive housing affordability strategies. This coordination includes providing public notice of the educational rights of homeless students in schools, family shelters and soup kitchens. The corporation's liaison will also review and recommend amendments to corporation policies that may act as barriers to the enrollment of homeless students.

LOCKER SEARCHES

Student lockers are school property and remain at all times under the control of the school; however, students are expected to assume full responsibility for the security of their lockers. School lockers are to be used for storing school supplies and personal items necessary for use at school. Lockers are not to be used to store items that cause, or can reasonably be foreseen to cause, an interference with school purposes or an educational function, or that are forbidden by state law or school rules. A student should not expect to have privacy in a locker or its contents.

A student's use of the locker does not diminish the school corporation's ownership or control of the locker. The school corporation retains the right to inspect lockers and their contents to ensure that the lockers are being used in accordance with their intended purpose, and to eliminate fire and other hazards, maintain sanitary conditions, attempt to locate lost or stolen materials and to prevent the use of lockers to store prohibited or dangerous materials such as weapons, illegal drugs, paraphernalia, or alcohol.

LOST AND FOUND

Lost jewelry can be claimed in each building's main office.

PUBLIC COMPLAINTS AND CONCERNS

Concerns and complaints of parents shall be handled by the principal in charge of the school involved. However, such concerns may be carried to the Superintendent if they cannot be resolved at the local school level. The School Board will review all unsolved problems that need to be brought to its attention.

The Board recognizes that situations may arise in the operation of the schools which are of concern to parents or the public. Such concerns are best dealt with through communication with appropriate staff members and officers such as the faculty, principals, the central office, and the Board.

The Board considers it the obligation of employees of the schools to entertain the questions of parents or the public and to respond appropriately.

The following guidelines are suggested as the proper procedure to be followed by persons with questions or complaints:

1. Matters concerning individual students should first be addressed to the teacher.
2. Unsettled matters from (1) above or problems and questions concerning individual schools should be directed to the principal of the school.
3. Unsettled matters from (2) above or problems and questions concerning the school should be directed to the Superintendent.
4. Matters concerning transportation and food services should be directed to the Director of Transportation or the Director of Food Services, as appropriate.
5. Unsettled matters from (4) above should be directed to the Superintendent or his/her designee.

The Board will endeavor to investigate written complaints filed with the President, and respond to the complaining party in a reasonable time. Complaints concerning employees may necessarily need to be handled in an executive session.

REQUESTS TO DISTRIBUTE MATERIALS

Internal requests by students for distributing and/or posting materials within that student's building should be directed to the building principal. Requests for distributing and/or posting materials in multiple buildings throughout the district should be directed to the superintendent. All requests for distributing and/or posting materials from non-school entities should be directed to the superintendent.

USE OF SECLUSION OR RESTRAINT

The School Board believes that maintaining an orderly, safe environment is conducive to learning and is an appropriate expectation of all school employees within the school corporation. The Board recognizes that there are times when it becomes necessary for employees to use reasonable restraint and/or seclusion to protect a student from causing harm to themselves or to others.

Seclusion and physical restraint as defined in this policy shall be used only as a last resort as a means of maintaining a safe and orderly environment for learning and only to the extent necessary to preserve the imminent safety of students and others. Positive behavior interventions, supports, and conflict de-escalation methods shall be used regularly to minimize the need for use of restraints and seclusions. The use of these methods must be done before the use of restraints and seclusions. School employees must make every effort to prevent the need for use of restraints and seclusion on students.

Use of seclusion or physical restraint may also be a component of a behavioral intervention plan (BIP) and/or an Individualized Education Program (IEP). If such is the case, the terms of the BIP or the IEP will control the use of these measures.

Seclusion or physical restraint shall never be used as a form of punishment, as a disciplinary measure, as a means of coercion or retaliation, or as a convenience.

The superintendent shall determine the appropriate training program of physical restraint and seclusion to be used in the corporation. The training program must include positive behavioral interventions and supports, prevention, de-escalation and crisis response techniques. Training shall be done on an annual basis and given to the appropriate employees in each building as determined by the superintendent and the building principal.

Except in the case of an emergency, only school employees who are current in the corporation-designated training program may implement physical restraints or seclusion with a student. An individual who applies physical restraint shall use only techniques in which he or she has received such training within the preceding two years, as indicated by written evidence of participation.

Physical restraints and/or seclusions should be used only when a student's physical behavior poses an imminent risk of injury to the student or to other persons present or damage to school property.

SECLUSION

"Seclusion" means the confinement of a student alone in a room or area from which the student is physically prevented from leaving.

Any area used for seclusion shall be subject to the following requirements:

1. Have the same ceiling height as the surrounding room or rooms and be large enough to accommodate not only the student being isolated but also any other individual who is required to accompany that student
2. Be constructed of materials or objects that cannot be used by students to harm themselves or others, and be designed so that students cannot climb up the walls
3. Be designed to allow continuous visual monitoring of and communication with the student
4. Comply with all applicable health and safety requirements.
5. Any device that requires the use of a key or special code on any exit from the area enclosure is prohibited.
6. An adult must supervise the student while confined and must be able to see the student at all times.

A student shall be kept in seclusion for a short period of time and shall be discontinued as soon as the imminent risk of injury to the student or others has dissipated. If a student is placed in seclusion pursuant to a BIP or an IEP, any time limitations identified in the BIP or IEP will control.

PHYSICAL RESTRAINT

"Physical restraint" means physical contact between a school employee and a student in which the student unwillingly participates and involves the use of a manual hold to restrict freedom of movement of all or part of a student's body or to restrict normal access to the student's body.

Physical restraint should be employed only when:

1. Student poses a physical risk to himself, herself, or others;
2. There is no medical contraindication to its use;
3. Other less restrictive intervention were used and were ineffective; and
4. Employee using the restraint has been trained in its safe application.

Mechanical or chemical restraints are not authorized to be used in school.

Prone or Supine forms of restraint are not authorized to be used in school and shall be avoided.

Students shall not be subjected to physical restraint for using profanity or other verbal displays of disrespect for themselves or others.

A verbal threat shall not be considered as constituting a physical danger unless a student also demonstrates a means of or intent to carry out the threat.

Any application of physical restraint shall take into consideration the safety and security of the student. Further, physical restraint shall not rely upon pain as an intentional method of control.

In determining whether a student who is being physically restrained should be removed from the area where such restraint was initiated, the supervising employee shall consider the potential for injury to the student, the educational and emotional well-being of other students in the vicinity, and if applicable, any requirements pursuant to a BIP or an IEP.

If physical restraint is imposed upon a student whose primary mode of communication is sign language, the student shall be permitted to have his or her hands free of restraint for brief periods, unless the supervising employee determines that such freedom appears likely to result in harm to the student or to others.

A student shall be released from physical restraint immediately upon a determination by the supervising employee administering the restraint that the student is no longer in imminent danger of causing physical harm to themselves or to others.

REPORTING AND REVIEWING OF INCIDENTS

Any school employee using restraint and/or seclusion shall report such to the building principal, their supervisor, or other designated administrator. A written report of each incident shall be completed by the employee who used such techniques or by the designated administrator. The written report is required to contain the information required by the school corporation's restraint and seclusion plan. Parents of the student involved in the restraint or seclusion incident shall receive a copy of the written report of the incident.

The parent or guardian must be notified verbally of the use of the physical restraint and/or seclusion with their student as soon as possible, preferably by the end of the school day.

An annual review of the use of physical restraint and seclusion including a review of all individual corporation cases involving the use of physical restraint and seclusion shall be completed and documented to ensure compliance with the school's policy and procedures. In addition, this information and other related data will be used to implement modifications to the school corporation's restraint and seclusion plan.

When reviewing individual cases, it is recommended that when a student has experienced three instances of seclusion or physical restraint, the school personnel who initiated, monitored, and/or supervised the incidents shall review the effectiveness of the procedure(s) used and prepare an individual behavior plan for the student that provides either for continued use of these interventions or for the use of other specified interventions. The plan shall be placed into the student's student record. The review shall also consider the student's potential need for an alternative program or for a referral for a special education evaluation, if the student does not have an IEP.

TRAINING REQUIREMENTS

Physical restraint should be applied only by individuals who have received systematic training through the corporation-designated program and who have obtained written evidence of successful participation in such training.

Training with respect to physical restraint should include but need not be limited to the following:

1. appropriate procedures for preventing the need for physical restraint, including the de-escalation of problematic behavior, and the use of alternatives to restraint;
2. a description and identification of dangerous behaviors on the part of students that may indicate the need for physical restraint and methods for evaluating the risk of harm in individual situations in order to determine whether the use of restraint is warranted, including compliance with any BIP or IEP requirements;
3. the simulated experience of administering and receiving a variety of physical restraint techniques, ranging from minimal physical involvement to very controlling interventions;
4. instruction regarding the effects of physical restraint on the person restrained, including instruction on monitoring physical signs of distress and obtaining medical assistance;
5. instruction regarding documentation and reporting requirements and investigation of injuries and complaints; and
6. demonstration by participants of proficiency in administering physical restraint

Nothing in this policy should be construed to limit the rights and abilities of school employees to keep order and administer necessary discipline in their classrooms and on school grounds as set out in state law and school board policy.

All complaints regarding the use of physical restraints and seclusion will be investigated according to the provisions of board policy on public complaints.

The school board shall adopt a restraint and seclusion plan as developed by the superintendent. This policy and the corporation's plan shall be distributed to all parents whose children are enrolled in the school corporation. LEGAL REFERENCE: IC 20-20-40; 513 IAC 1
