# PACE Before and After School Care

In 2010 the Danville community school corporation recognized a need in the community for an affordable afterschool program where children could get help with homework, enjoy daily fitness activities and make friends, all in a safe ,caring, learning environment.

The program was so successful we launched our summer camp program. We participate in the parks Department program and go to the pool every Friday. We have daily team building activities, science experiments, water games, camp songs, and art projects and so much more.

- Gym /outdoor play
- Snacks
- Homework support
- Open school out days
- Entry Door Code system
- Fall and Spring Break Care
- Check in/Check out system
- Snow days
- CPR certified staff
- 2hour delays
